WHAT SCI & THE WEST MI BOWHUNTERS DO:

West Michigan Bowhunters is a chapter of Safari Club International (SCI) – committed to being **First For Hunters**. We work to protect hunters' rights, promote wildlife conservation and advocate for the wise and sustained use of Michigan's natural resources. We foster fellowship among all who love the outdoors and hunting, while sharing hunting experiences and information among our members. Your annual membership helps to preserve our hunting heritage and legacy for future generations. You will receive regular chapter updates, the Safari Times newspaper and email news alerts from SCI and the Michigan United Conservation Clubs (MUCC).
